Contract Demands

Auto Workers Ask Share Of Profits

DETROIT—The United Auto Workers International executive board announced today it will seek a share of all profits above 10 per cent on investment from the automobile companies in this year's bargaining.

The UAW board said its profit sharing formula is "based on the formula used by the corporations themselves for computing executives' bonuses."

The contract demands recommended by the board omitted the earlier UAW announced fight for a four-day work week.

The board said the union's contract program "departs from the traditional UAW collective bargaining program in that it provides a set of basic minimum economic demands to be applied to all companies under contract to the UAW."

The board said "a set of supplementary economic demands where the profit position of companies would allow for greater economic benefits to the workers in those particular companies over and above the basic minimums" will be asked.

The profit sharing plan would provide that all profits above 10 per cent on net capital—defined as stockholders' investment plus debt investment—be divided three ways:

—One half of the profits above the 10 per cent to be retained by the corporation for its stockholders and executives.

—One fourth to all wage and

salaries employees other than executives eligible to participate in executives' bonus plan.

—One fourth to consumers in the form of a rebate to those who have bought the companies' products during the year.

The union's executive board also asked for "an immediate general wage increase based on increased productivity that would be higher than the present productivity increase formula of 2 1/2 per cent or 6 cents per hour, whichever is higher."

Other "basic economic" demands included:

—Refinements in the Supplementary Unemployment Benefit plans, including a substantial increase in SUB payments, an increase in the duration of payments to 52 weeks, and elimination of the 25 ceiling of supplemental benefits.

—Action to meet the impact of automation and to prepare for a shorter work week by protecting workers' rights in plant shifts, and by establishing a joint labor-management study committee.

—Pension improvements "to provide greater security and dignity for retired workers and their families."

—A union voice in the investment of workers' pension funds.

—Improvement in hospital-medical insurance coverage.

The union board recommended that the workers be permitted to decide how the bonuses should be distributed.

Spiritual Ties Bring Understanding To People, Dinner Speaker Says

A very able presentation of the philosophies of the East and the new civilization and philosophy of the West was presented to members of the Southern Illinois Dinner club Saturday night by Aly Wassil of Pakistan. The meeting was held at the Kurto country club.

Mr. Wassil, who has been educated in the Nizam College, Muslim University and Osmania University of India, Harvard, Massachusetts Institute of Technology and University of California, and has spent seven years in America, has a profound understanding of world conditions.

The spiritual ties of Judaism, Christianity and the Islam religion of the Arabs and Moslems Mr. Wassil stated, are more important than the political problems of governments.

"The answer to the problems in the Middle East will not be found in Washington or Moscow, but with the feelings of the people themselves," the speaker said.

Legal Challenge To Village of Muddy is Filed

The legal existence of the Village of Muddy is challenged in a petition on file today in circuit court. The petition asks the court for permission to file quo warranto proceedings against the village trustees and the village on the contention that the territory within the corporate limits is not contiguous.

Muddy was instituted as a village in December, 1955. The complaint, filed by Atty. James W. Sanders of Marion, is titled: "People of the State of Illinois vs. John Molinarolo, Albert Hathaway, William R. Bean, Mike Bolatoo, Leo Padonewick, Willie Stewart and John Pesavento and The Purported Municipality."

The petition asks the court for permission to file complaints against the seven village trustees and for them to answer by what authority they claim to execute the offices of trustees of the village, and against the village itself, asking for an answer by what warrant it claims to use and enjoy liberties, privileges and franchises of a village and by what warrant it claims to exercise such power.

President Rules Out Any Tax Cut Or Increase; Puts Priority on Security

WASHINGTON—President Eisenhower sent to Congress today a space age budget calling for a record peacetime spending of 73.9 billion dollars. Much of it is to meet Russia's challenge.

He ruled out a general tax cut—or increases. But he urged increases in postal rates including a hike of five cents for out-of-town regular letters.

The budget submitted today was for fiscal year 1959, which begins July 1 this year.

The President said the "growing danger" of Russian progress in missiles, coupled with Soviet rejection of workable disarmament, demanded the big spending. The United States must show determination to remain "sturdy . . . in the many strengths that keep the peace," he said.

He put "priority of national security over . . . needs" in both civilian and military programs. He proposed sharply stepped up spending for long-range missiles nuclear armed or powered ships, science and education.

He advocated curtailment, revision or elimination of civilian programs, such as flood control, farm aid, housing, and financial aid to states. But he conceded such savings would amount to only 600 million dollars in fiscal 1959 even if Congress went along.

He refused to put any money in the budget for starting any new reclamation, flood control or navigation projects.

Small Surplus Seen
Counting on early reversal of the downward economic trend, the President estimated federal budget receipts in fiscal 1959 at 74.4 billion dollars. This would give a precarious surplus of 500 million dollars.

An originally estimate surplus of 1.8 billion dollars for this fiscal year was revised to a 400 million dollar deficit because of increased defense spending and because the recent slowdown in business reduced tax revenues.

He said he will ask Congress for another temporary increase in the debt ceiling of 275 billion dollars. In some recent years, Congress has granted a temporary increase of as much as six billion dollars. The debt now exceeds 274 billion dollars.

A total of 47.1 billion dollars, 64 per cent of the budget, was allotted for "protection"—national security and foreign aid. This was an increase of 800 million dollars over 1958.

\$346 Million Slash Proposed

Asks Cut In Farm Funds

WASHINGTON—President Eisenhower today recommended "important" farm program revisions which he said will save the taxpayer 346 million dollars in fiscal 1959.

He proposed a 6.5 per cent slash in farm program spending and held out the prospect of more significant reductions in 1960 and later years.

He outlined to Congress a farm spending budget of \$4,981,000,000, compared with a record \$5,327,000,000 in the current fiscal year. The savings would come principally on programs for support of farm prices, for stabilization of farm income, and in controlling production.

He foresaw considerable savings if Congress accepts recommendations he will make for lower support levels, and for fewer controls. He said the recommendations—to be spelled out shortly in a special message—"will permit the secretary of agriculture to establish price supports for basic crops con-

Of this "protection" money, the U. S. armed forces would get 39.8 billion dollars—an increase of 900 million dollars over this year.

This increase in defense spending was much smaller than some military, congressional, civilian and scientific leaders have been clamoring for. The special Rockefeller panel last week urged an

5-Cent Postage For Out-of-Town Letters Asked

WASHINGTON—Five cents to mail an out-of-town letter.

That proposed letter rate was the highlight of President Eisenhower's request to Congress today for postage increases totalling 700 million dollars a year. They also included a one-cent boost for local and airmail letters and postcards.

The present regular letter rate is three cents, both local and out-of-town.

The President called his proposal "one of the most urgent items of unfinished business before the Congress."

The nickel charge for out-of-town letters is a penny more than Eisenhower asked last year. He said it is needed to cover a pay increase for postal workers and other higher postal costs.

In an about-face, he called for raises for both postal and civil service workers starting July 1. Last year he opposed them on grounds they would add to inflationary pressures.

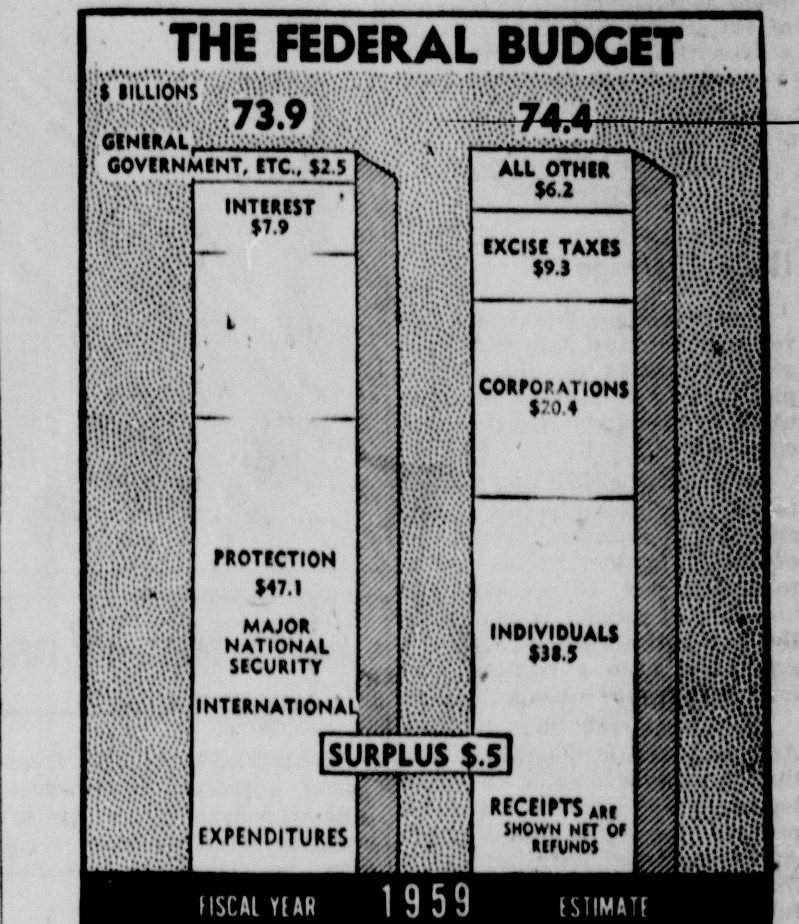

Eisenhower told Congress the Post Office Department would still be in the red, even with the proposed nickel letter charge. He said the department's chronic deficits "placed heavy and unfair burdens on the taxpayers, to the special advantage of large users of the mails."

Without any rate increase, he said, the postal deficit for the next fiscal year will amount to 684 million dollars—not including raises for postal workers.

He recommended pay hikes totalling 160 million dollars for 518,000 postal workers. This would average about \$308, compared with the \$546-a-year boost Congress voted and the President vetoed last year.

He recommended raises and pay adjustments costing 179 million dollars for non-defense civil service employees, with pay boosts for Defense Department workers and the military included separately in the defense budget.

While no details were spelled out, they apparently would average well below the 11 per cent hike for all Civil Service workers which Eisenhower also vetoed last September.

SHOOTING FOR A BALANCED BUDGET—Although increased expenditures to counteract Russia's missile threat and a business downturn may result in a deficit of some \$400 million dollars at the end of the present fiscal year, President Eisenhower looks ahead to a half-billion-dollar surplus in fiscal 1959. Newschart, above, shows proposed expenditures totalling \$73.9 billion dollars in fiscal '59, estimated receipts of \$74.4 billion dollars, and a hoped-for, half-billion-dollar surplus. Such is picture as presented to the Congress by the President.

Special Primary Tomorrow to Name Candidates for City Vacancy

The city of Harrisburg will hold a special primary tomorrow to name two candidates who will run for the post of city commissioner in the special general election March 11.

Candidates are Lee Morse, Orval Hudnell and John H. L. Parish and two of the three will be nominated in tomorrow's balloting at the city's eight polling places. In March one will be named to fill the vacancy on the city council.

These are the polling places and the areas comprising the various city wards:

Ward 1, City Hall: Area lying east of the middle line of North Main street and north of the middle line of East Poplar street, extending to the city limits east and north.

Ward 2, Humm Motor Co., 217 East Poplar street: Area lying east of the middle line of South Main and south of the middle line of East Poplar, extending south to the middle line of McHaney and east to the city limits.

Ward 3, Russler Plumbing Shop, 9 West Church: Area lying west of middle line of South Main and south of middle line of West Poplar and north of middle line of West Raymond, extending to west city limits.

Ward 4, Franks Building, North Jackson: Area lying west of middle line of North Main and north of the middle line of West Poplar street, extending to the west and north city limits.

Ward 5, Leo Richmond's Garage, Granger street: Area lying west of middle line of South Main, lying south of middle line of West Raymond and Olive streets and north of middle line of McHaney street, and extending to city limits.

Ward 6, Soward Sales, 322 West Robinson: Area lying south of middle line of McHaney street and east of middle line of McKinley Avenue and Clark street, running to south and east city limits.

Ward 7, Highway Garage, Dorrisville: Area lying south of middle line of McHaney and west of middle line of McKinley and Clark street, extending, running south and west to city limits.

Ward 8, City Hall in Gaskins City: Gaskins City old village area, constituting the territorial limits of Village of Gaskins City at time was annexed to City of Harrisburg.

Under new state laws, the polls will remain open until 6 p. m. instead of 5 p. m. as in the past, it was announced today.

Ike's Courage

Even President Eisenhower's severest critics must have some grudging admiration for the way he put himself to the test of heavy work at the Paris NATO conference.

An ordinary citizen who had sustained three such illnesses as have struck the President would undoubtedly be told by his doctors to take it easy. A president cannot do that without resigning, for the burdens of his office are so great that even a reduced work load can produce serious strain.

Mr. Eisenhower has told the American people more than once that if he ever became convinced he could not perform his duties properly he would indeed resign. At Paris he obviously went about the task of determining exactly how fully he could perform under the acknowledged handicaps.

The President's character and personal history suggest, however, that he will be very reluctant to conclude that he is unequal to the demands of his job.

Well known by all Americans is his strong concept of duty, bred in him as a soldier, and his dedication to the cause of peace. These are the factors which induced him to run for a second term despite two serious illnesses. It is hard to believe he would retire now because a third has intervened.

For the President, the shooting wars are over. But he is engaged on another kind of battlefield today. And many suspect he would rather go down in battle than abandon the quest for peace and watch the East-West power struggle from the sidelines.

History will judge Mr. Eisenhower as a president and a soldier. As a man he already has shown the kind of character and courage that will give him an enduring place in American hearts.

A Fast Toothpick

MERRILL, Wis. — (UP) — Reidar Olsen, who came to Wisconsin from Norway, has designed and developed a machine that produces five million toothpicks an hour. Olsen isn't worried about running out of work with his high speed machine. He said there is a bigger demand now for toothpicks than ever before. The traditional markets have been expanded greatly with the advent of cocktail parties, at which toothpicks are used for spearing olives, onions and other items.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Eisenhower impressed GOP leaders with his buoyant spirits; Ike isn't worried about business recession; he claims we lead Russians in missiles.

WASHINGTON.—Since President Eisenhower's health got shaky more than two years ago, he has dispensed with handshaking at the regular Tuesday meetings with the GOP legislators, usually confining himself to a formal "good morning, gentlemen."

But as if to emphasize that he was feeling his old self again, Ike gave a special greeting to each Republican leader as Congress reconvened. He waved his arm, exclaimed cheerily, "Well, we're back again," then went around the table shaking hands with each caller, beginning with GOP Rep. Leo Allen of Illinois.

Eisenhower remained in good spirits all during the meeting. He said he had been reading a lot of "nonsense" about the United States lagging far behind Russia; added that he wasn't "worried" about such criticism. It was politically inspired, he said, or came from sources which didn't know the facts.

"We are in excellent shape in missiles and all other phases of military science to meet any emergencies that may arise," he insisted.

NO WORRY OVER BUSINESS The President also said that he wasn't worried about the slump in business and unemployment, and ignored the warning of the U. S. Chamber of Commerce that business conditions will get "much worse" this year.

"Business was off during November and December," he said. "The same will hold true during January and February. However, my economic advisers assure me that there is bound to be a seasonal pickup in the spring." He cited the fact that manufac-

ture inventories are low in many industries and will have to be replaced, also that the government's roadbuilding program will spur business activity.

Ike's optimism waned a bit when Senate GOP Leader William Knowland and House Leader Joe Martin predicted that the proposed \$74-billion balanced budget would have tough sledding in Congress.

"The Democrats are in the majority and if they insist on spending more than you have asked for, it will not be possible to keep a balanced budget," declared Martin.

CHALLENGE TO LYNDON JOHNSON The basic problem of the Democratic party, one-man domination of its policies, was raised even before Congress convened, by a freshman senator, Pat McNamara of Michigan. He wrote Senate Democratic Leader Lyndon John-

son a blunt letter reminding him, in effect, that Democratic senate caucuses were supposed to be Democratic with a small D, not dictated to by one man.

The public doesn't know it, but not since last January have Democratic senators held a caucus. Under previous Democratic leaders, caucuses were held every month or so to decide policy. When the late Alben Barkley was Democratic leader, he held caucuses every couple of months. Lyndon Johnson, however, doesn't relish discussion, decides party policy largely on his own.

This was the chief reason why ex-president Truman, Adlai Stevenson, Senator Kefauver and Chairman Paul Butler set up a Democratic advisory committee. They didn't want the Democratic party being dominated by one man, especially a man who bows to the oil and gas interests of Texas.

It's So CONVENIENT to Bank-By-Mail at HARRISBURG NATIONAL!

"Really, you can't believe how convenient it actually is to do your banking by mail! Just wait until we have one of our famous wet and windy days, and you have to trudge downtown to deposit the old paycheck . . . then you'll realize how much nicer it can be to dash to the corner mailbox and right back to the house again!"

What she's saying is so true, too. Why go to all the bother of getting out on bad winter days to come downtown to the bank? With Harrisburg National's handy Bank-By-Mail service your bank is as close as your corner mailbox. Everything is handled for you easily, accurately, and with a great saving of time and steps.

Phone or drop us a line today for full details on how you can BANK-BY-MAIL at no extra cost!

Social and Personal Items

ANNOUNCE MARRIAGE—Announcement is being made of the marriage of Carla June Stuby, daughter of Carl W. Stuby and the late Louise Johnson Stuby, to Kenneth Allen Fleming, son of Mr. and Mrs. Loren A. Fleming, Harrisburg. The wedding was performed in Corinth, Miss., at 2 p. m. Saturday, in the presence of Mrs. Ethel Lynch and Miss Linda Booten, close friends of the bride and bridegroom. Mr. and Mrs. Fleming were graduated from HTHS with the class of 1957. They are at home to their friends at Joliet.

Jeanne Price-Wayne Hicks
Married December 31

Mr. and Mrs. James Price, 928 South Chaney street, Harrisburg, are announcing the marriage of their daughter, Joanne, to Wayne Hicks, son of Mr. and Mrs. Gold Hicks, Eldorado RFD 3, on Dec. 31. The wedding took place in Corinth, Miss., and the Rev. Richard Clement, pastor of the Baptist church in Corinth, performed the ceremony.

The bride wore a box suit of aqua blue, red and black and white accessories.

Following a honeymoon trip through Mississippi, Tennessee and Kentucky Mr. and Mrs. Hicks returned to Harrisburg and are at home to their friends at 928 Chaney street until Jan. 13 when Mr. Hicks will go to Springfield to attend the Illinois State Trooper Academy. Mrs. Hicks will remain with her parents until her husband is graduated from the Academy.

The bride is a graduate of HTHS class of 1956.

Mr. Hicks was graduated from EHS with the class of 1952 and served three years with the U. S. Marines.

Mrs. Verna White Entertains
Little Hana Missionary Society

The Little Hana missionary society of the First Church of God met at the home of Mrs. Verna White for its January meeting. The meeting was opened with prayer led by Mrs. Bee Holland. Following the business session a lesson was given by Beulah Lievers on missionary work in Japan. The devotion was given by Bee Holland using scripture from Ephesians, 6th chapter.

Refreshments were served by the hostess and the following attended: Mrs. Ethel Fisher, Mrs. Nell Hamilton, Mrs. Emma Hibbs, Mrs. Bertha Dillon, Everett Dillon, Mrs. Verbal Alexander, Mrs. Margie Alexander, Mrs. Dorothy Curtis, Mrs. Bee Holland, Mrs. Ethel Keipp, Mrs. Dewey Lievers, Miss Marianne Alexander, Mrs. Jesse Jenkins, Miss Beulah Lievers and Charles White.

St. Ann's Altar Society
Holds Regular Meeting

The regular monthly meeting Wednesday of St. Ann's Altar society was opened with prayer by the Rev. T. G. Bruns.

The devotion, "Five minutes to spare," was given by Mrs. N. E. Harold.

The Sick committee reported 10 greeting cards sent in December to elderly ladies in the parish and a collection was taken up to send to the Belleville Orphanage.

Prayer by Father Bruns closed the business session.

The recreation hour was in charge of Mrs. Leo Richmond and prizes were won by Mrs. Robert Pfister and Mrs. H. N. Jarvis.

Sandwiches, potato chips, pickles and coffee were served by the committee of the month: Mrs. Louis Bobka, Mrs. Lena Resheler, Mrs. Agnes Schneider, Mrs. Rose Garavalia, Mrs. Della Govan and Mrs. Josephine Tonazzi and Mrs. Beulah Pfister.

Mr. and Mrs. Arthur Thompson, Pataskala, Ohio, and Mrs. John E. White, Crooksville, Ohio, have returned to their home following a visit with Mrs. George Brown, 703 South Land street, Harrisburg, where they were called by the death of George Brown.

Miss Carolyn June Douglas, daughter of Mr. and Mrs. J. D. Douglas, RFD 2, Harrisburg, had her tonsils removed at the Lightner hospital Saturday.

Hospital Notes

Harrisburg Hospital

Admitted: William Lang, 619 West Poplar street, Harrisburg.

Mrs. Elvina Fossie, 357 East Gaskins street, Harrisburg.

Mrs. Leonard Duncan, Carrier Mills.

Mrs. Kenneth Cogdill, Herod.

Mrs. James C. Duncan, Rosiclare.

In Frank Leahy's 11 years at Notre Dame, he won 87 games, lost 11 and tied 9.

Mrs. Clara Field, Frank Easterly
Wed in Brownfield Baptist Church

Mrs. Clara Field, Golconda community, and Frank Easterly, a prominent farmer of Jackson county whose farm home is east of Murphysboro, were married in the Brownfield Baptist church Sunday, in the presence of the members of their immediate families. Rev. John Flannery performed the wedding ceremony and Mr. and Mrs. Easterly will make their home at the Easterly farm.

The bride is the widow of Representative Abner Field and has remained active in politics and civic interests since his death several years ago. She has been serving as a secretary in the soil conservation district of Pope-Hardin counties.

Births

Mr. and Mrs. John Stobart, Carbondale, are parents of a girl born at the Holdea hospital in Carbondale, Dec. 19. The baby has been named Stephanie Kay. The mother of the child is the former Miss Charlotte Rose Parker, DuBoise, and the father is the son of Mr. and Mrs. John E. Seahorn, (the former Carrie Dora Skaggs Stobart), Carbondale. Great-grandparents are Mr. and Mrs. John Stobart and Mrs. Frank P. Skaggs, Harrisburg.

Mr. and Mrs. Richard Dale McNew, Carrier Mills, are parents of a boy born at the Harrisburg hospital Saturday. The baby has been named Alan Dale and weighed seven pounds, 11 ounces at birth. The mother of the child is the former Miss Patricia Ann Dunn.

Mr. and Mrs. Kenneth Cogdill, Herod, are parents of a girl born at the Harrisburg hospital Sunday. The baby has been named Virginia Almeda and weighed seven pounds, six ounces at birth. The mother of the child is the former Miss Lucille Yvonne Banks.

The Rhode Island red chicken was named the state bird of Rhode Island in 1954.

NO SPECIAL WAY—Mrs. Louise Godejohann, most famous citizen of Olney, Ill., celebrated a special event on New Year's Eve — it was her 108th birthday. The oldest resident of Richland County, and one of the oldest in the entire nation, Mrs. Godejohann, unlike most others who have passed the 100 mark, has no theories as to why she has lived to be 108. Among her most treasured possessions are the letters she has received every year since her 100th birthday from President Eisenhower and former President Truman.

You sometimes wonder why anyone would want a key to the city—as wide open as most of them are.

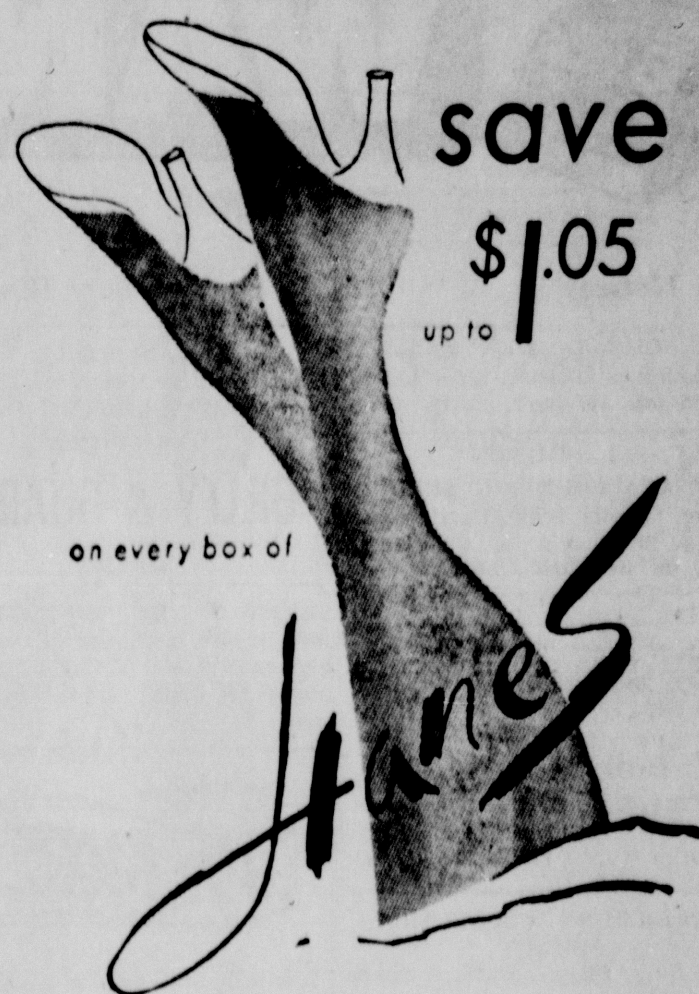

Marriage Licenses

Harry E. Weatherington, 21, Harrisburg, and Nina M. Reynolds, 18, Carrier Mills.

Billy Allen Morse, 21, and Bessie E. Bennett, 21, both of Harrisburg.

Joseph Stone, 31, and Delores Bennett, 23, both of Carrier Mills.

Highlights of Eisenhower's Budget

WASHINGTON (AP) — High lights of President Eisenhower's new budget:

Defense — Earmarks 39.8 billion dollars for defense, a hike of 2 billion dollars over last year's request. Heavy emphasis on speeding up missile output, expanding research on "outer space vehicles" and building anti-missile defenses. Fewer but higher-paid men in uniform.

Taxes — No tax cuts, for average citizen. No increases either — if Congress follows the President's advice. Some relief for small business. Increases in aviation gasoline taxes to help finance federal airways.

Postal Rates — Calls for a five-cent stamp on first class out-of-town letters. Other increases, including seven cents for airmail, to produce an extra 700 million dollars a year in postal revenues. Even so, the Post Office would operate in the red if Congress grants recommended postal pay hikes.

Farmers — Farm aids would be slashed 300 million dollars a year. Eliminate soil bank payments for not planting crops pro-

hibited by price supports. Will propose legislation later to authorize lower price supports on higher interest rates on rural electrification loans.

Foreign Aid — "Essential" to security. The "Soviet economic assault on freedom is rapidly growing." Requests \$3,868,000,000, including \$3,085,000,000 in military and defense support aid and 783 million dollars in various forms of economic aid.

Debt Limit — The present 275 billion dollar debt limit should be raised "temporarily" to give Treasury more room to maneuver although debt is expected to be 271 billion at end of fiscal 1959.

Other Legislative Recommendations — Statehood for Hawaii and Alaska liberalized immigration laws, pay raises for federal employees, extend minimum wage coverage, safeguard union welfare funds. Ideas for overhauling Taft-Hartley Law will be submitted later.

Water Resources — No new starts; stretch out work on existing projects where possible.

Education — A 100 million dol-

lar slash in federal aid for overcrowded schools near federal installations. Previous request for school construction aid "deferred" indefinitely. Requests 247 million dollars for scholarships, research grants and other previously announced steps to beef up science and education.

Federal Subsidies — Reduce shipbuilding and hospital construction subsidies. Eliminate grants to states for vocational education and waste treatment facilities after 1960. Gradually reduce federal payments for slum clearance, public assistance and disaster relief.

Government Loans — Boost interest rates to cover at least the government's cost of borrowing. Encourage more private financing, less reliance on federal loans.

Housing — Raise ceiling on FHA-insured home mortgages to \$30,000. More federal financing aid for special housing projects for elderly.

Veterans — Maintain benefits at present 5 billion dollar-a-year level through fiscal 1959. Will suggest revisions later.

Four Northwestern Freshmen Tar and Feather Sophomore

CHICAGO (AP) — Four Northwestern University freshmen, who "kidnaped" and tarred and feathered a sophomore, were to appear before a faculty disciplinary committee today.

The four freshmen, whose names were withheld, staged the "tunt" in rebellion at "Hell Week," hazing as pledges of Kappa Sigma fraternity.

Early Friday they seized William W. McRoy Jr., 19, Sterling, Ill., drove 140 miles to the vicinity of Madison, Wis., disrobed their victim and dressed him in long underwear and an overcoat.

McRoy said they poured molasses over the coat, sprinkled him with feathers and drove off.

Col. Armstrong, Illinois Draft Board Chief, Dies

SPRINGFIELD (AP) — Funeral services will be held in Chicago for Illinois Selective Service chief Col. Paul G. Armstrong, 67, who died here Saturday.

Armstrong, a native of Leadville, Colo., died at St. John's hospital after a long illness.

He had been the state's draft board chief since 1940, and in 1946 was awarded the Medal of Merit for his work in World War II.

He is survived by his wife, Blanche, a son, Don, and daughter, Patricia.

Armstrong's military service started with a three-year enlistment in the Colorado National Guard. He served overseas in World War I and held his colonel's commission in the Illinois Reserve.

Two Killed, Six Hurt in Train Crossing Accident

CARY, Ill. (AP) — A Chicago-bound passenger train hit the rear end of another in heavy fog after a crossing accident near here today.

Two persons were killed and six rushed to nearby hospitals. As many as 70 train passengers were shaken up in the chain of events which involved four trains.

Mrs. Daniel Healy Of Omaha Dies

Mrs. Julia Healy, 87, resident of Omaha, more recently staying in the Eldorado nursing home, died in the Pearce hospital at 11:30 a. m. Sunday where she had been a patient for one day.

Healy was the widow of Daniel Healy and is survived by her son, Warren Adamson, Omaha, and her daughter Mrs. R. E. Harrington, Evansville, Ind. There are three grandchildren and two great-grandchildren surviving.

The body will lie in state at the Martin funeral home in Eldorado and funeral services will be held in the chapel there at 10 a. m. Tuesday. Bro. Charles Brannum will officiate and burial will be in the Adkins cemetery near Omaha.

Fifth Child Born To Billy Grahams

ASHEVILLE, N. C. (AP) — Mrs. Billy Graham, wife of the famed evangelist, and her fifth child, a 7-pound boy, were reported "doing fine" today in Memorial Mission hospital.

The boy was born Sunday, and is the second son for the Grahams.

He has been named Nelson Edman Graham for Dr. L. Nelson Bell, Mrs. Graham's father, and Dr. V. Raymond Edman, president of Wheaton (Ill.) College where the Grahams met.

Eldorado Legion 'Pitch For Polio' Collects \$268

The American Legion post of Eldorado held a "Pitch for Polio" Saturday and collected \$268.71 for the Saline County March of Dimes fund.

Contributions were received by the Eldorado veterans at two locations — at the intersection of Routes 45 and 142 and at the meeting of the five corners in the business section.

1959 Budget At A Glance

WASHINGTON (AP) — The 1959 budget at a glance:

Taxes — no relief for average citizen; modest cuts for small business.

Postage — five-cent stamps proposed for out-of-town letters.

Spending — up more than one billion dollars from this year to record peacetime total of 73.9 billion. Nearly 40 billion dollars for military. Increased defense outlays partly offset by cuts in farm benefits, other federal subsidy programs.

Epping Awaits Sentencing on New Conviction

SPRINGFIELD (AP) — Edward A. Epping was back in Menard State Prison today to await sentencing on his conviction for embezzlement, forgery and confidence game in the million dollar-plus Hodge scandal.

A Circuit Court jury of nine women and three men deliberated nearly 10 hours Saturday night and early Sunday before returning verdicts of guilty against the former office manager for convicted ex-State Auditor Orville E. Hodge.

Epping, 39, already is serving a 4-5 year term at Menard for conspiracy in the scandal. He pleaded guilty to the conspiracy charges.

The penalties on the new convictions range from 1-15 years for embezzlement, to 1-14 years for forgery and 1-10 years for confidence game.

Judge De Witt S. Crow deferred sentencing of Epping pending filing within 15 days of a written defense motion for a new trial.

Epping sat silent with his head bowed when he heard the verdicts. Then he wept softly as he talked with his wife, Kay, briefly before being taken away for the return to Menard.

Epping had denied during his week-long trial any knowledge or part in the check cashing scheme of Hodge.

Red Candidate Wins Okinawa Race for Mayor

NAHA, Okinawa (AP) — Communist-backed Saichu Kaneshi, 49, beat U. S.-supported Tatsuo Taira, 65, for mayor of this island capital, official returns from Sunday's election showed today.

Official returns showed Kaneshi defeated Taira by nearly 1,000 votes of the 70,446 ballots cast. Kaneshi had 34,968 votes and Taira 33,986. There were 1,492 questionable ballots.

His victory was a severe political defeat for the United States and, in effect, another vote of "Yankee go home" from this strategic outpost from which even intermediate range missiles can reach virtually every potential trouble spot in the Pacific.

Both Kaneshi, who claims to be anti-Communist socialist despite his Red backing, and Taira, also a Socialist, favor return of the Ryukyu Islands including Okinawa to Japan. Both concede that the United States should not be expected to hand over the islands immediately, because of the international situation.

But Kaneshi wants administrative control turned over immediately to Japan.

\$73.9 Billion Space Age Budget Proposed

increase of three billion dollars this year, to be followed by additional similar increases in the next several years.

This nation now has "military superiority over any potential aggressor or aggressors," the President said. And he had no doubt that Americans "are determined to maintain our ability to deter war and to repel and decisively counter any possible attack."

Air Force Gets Most

The 47.1 billion dollars for "protection" included: Army, 8.9 billion dollars; Navy, 10.9 billion dollars; Air Force, 18.7 billion dollars; atomic energy, 2.5 billion dollars; foreign aid and allied programs, 4.4 billion dollars.

The defense funds included money for "an expanded research and development effort on military satellites and other space vehicles and anti-missile systems."

In addition, the President estimated stepped up spending for education, with emphasis on science, and basic research at 247 million dollars. But he dropped last year's school construction program.

The President asked for 500 million dollars to keep in reserve to permit cashing in quickly on any scientific breakthrough in development of space weapons.

Construction of a new ballistic missile detection system will be started. The present Continental Air Defense early warning network will be expanded and improved.

For New Weapons

Most of the military procurement money will go for new weapons, such as longer-range missiles, and combat equipment developed for the most part in the last three years. The Air Force will buy only supersonic fighters and bombers.

To keep skilled technicians in the armed services, the President proposed a 508 million dollar military pay increase. He also proposed pay increases for postal and Civil Service workers totalling \$55 million dollars.

On the civilian front, Eisenhower favored some tax relief for small business through technical revisions "with a minimum loss of revenue." He also advocated legislation "to remove unintended tax benefits and hardships."

He based his confidence in a pickup in the national economy on a growing population, increases in spending by the federal, state and local governments and administration policies "designed to facilitate the resumption of business gains."

Social security, highway and other so-called trust funds are excluded by law from the President's budget. Counting them, federal receipts from the public were estimated at 87.3 billion dollars, against 86.7 billion dollars in payments to the public.

Spending on highway construction was put at 2.5 billion dollars, an increase of 600 million dollars over the current fiscal year. An increase of 600 million dollars to 8.7 billion dollars was estimated for Social Security benefits.

Two Carbondale Men Arrested With Bogus Bills

Pair Has \$2,340 In Car; Admit More in Bank Box

SPRINGFIELD (AP) — Secret Service agents went to Carbondale today to open a safety deposit box which two men, arrested here in possession of \$2,340 in bogus 10 and 20 dollar bills, told them contained more counterfeit money.

The two men, Clifford P. Rowe, 22, and Francis W. Adams, 36, both of Carbondale, were arrested here Sunday and turned over to the Secret Service.

They are being held in the federal section of the city jail.

State policeman Donald W. Gibbons stopped the two men on the Springfield U. S. 66 bypass when he noted their car had only one license plate.

Gibbons noticed Adams shoving something under the seat of the car.

He searched the car and found currency scattered under the front seat and stuffed into a paper bag.

In addition to the counterfeit bills, Adams and Rowe had about \$600 in good money.

Adams told authorities he was a printer and had made the money in his shop.

The two men admitted passing about \$850 of the bogus money in the last two weekends in Chicago and St. Louis, authorities said. They also said they had about \$8,000 more in counterfeit bills in a safety deposit box under a false name in a bank at Carbondale.

Authorities said the men told them the engraved plates used to make the money also were in the deposit box.

Secret Service agent Fred Backstrom, who questioned the men, went to Carbondale to open the deposit box.

Jesse Shipp, Former Hickstown Resident, Dies

Jesse Shipp, formerly of the Hickstown community and more recently staying in the Harrisburg boardin' home, died in the Harrisburg hospital, Sunday night. The body is in the care of the Hosick funeral home of Rosiclare and funeral plans have not been completed.

added up to 16.4 billion dollars. They were labor and welfare, commerce and housing, veterans services and benefits, agriculture and natural resources.

Veterans services and benefits were unchanged at five billion dollars. Natural resources, largely reclamation and flood control projects, was the same at 1.5 billion dollars.

Commerce and housing dropped 500 million dollars to 1.6 billion dollars.

Agriculture decreased by 300 million dollars to 4.6 billion dollars.

a union of the soul and God," Mr. Wassil stated.

Mr. Wassil stated his seven years of study in America has brought a belief of a great civilization in the making in America where there is an ease among people to other people everywhere.

"America has a way of life that is not confined to the U. S., but a willingness to admit people from other places to share its abundance," the speaker said. "America is giving a new civilization to the ancient civilizations of the East," he added.

Dr. William Johnson of Eldorado, president of the Dinner club, presided at the meeting and announced the next would be on March 1, at which time an adventure talk will be presented.

The meeting was the beginning of the new year and President Johnson introduced members of the board of directors and the club secretary, Mrs. Zola Sloan Perry Moore, chairman of the membership committee, asked for introduction of guests and new members and stressed the membership drive to help the club maintain its high standards and to secure the best quality of speakers.

Ban on Space Weapons Proposed in Eisenhower Letter to Bulganin

WASHINGTON (AP) — The Senate disarmament chairman today hailed President Eisenhower's proposal to Russia for a prompt ban on testing and production of space weapons.

The new U. S. proposal was made in the President's letter to Soviet Premier Nikolai Bulganin Sunday. The President also left the door open for a "summit" meeting with Russia if preliminary talks indicate such a conference might produce results.

Sen. Hubert D. Humphrey (D-Minn.) told the United Press the Chief Executive's space ban plan represents a "broadened dimension" of previous American disarmament proposals "and a sound one, too."

Humphrey, chairman of the Senate Foreign Relations subcommittee on disarmament, said he was "not surprised" that Eisenhower's reply to Bulganin was "more positive than expected."

Declaring he "always believed the President to be a man of peace," the Senator said he hoped "the same spirit will permeate the State Department and the Secretary of State John Foster Dulles."

Masonic School Ends; Total of 454 Registered

The two-day Masonic State School of Instruction held Friday and Saturday at the Masonic temple of Harrisburg lodge No. 325, A. F. & A. M., had a fine total attendance of 454 registered from 134 Illinois lodges and one in Ohio.

Carrier Mills Edges Hot-Shooting Galatia, 78-76, in Thrilling Tilt

The Carrier Mills Wildcats ran their unbeaten string to 12 Saturday night, but only after a terrific battle with a bunch of red-hot Galatia Bearcats. The final count was 78-76 with the home town Wild cats in front.

Although Vern Rollins of Carrier Mills was the game's top scorer it was the fine outside shooting of Galatia's Thornton Davis that captured the imagination of the crowd. Davis was unusually effective on a 35-foot two-handed jump shot, swishing the nets 12 times, including six in-a-row in the third quarter. He also connected on five free tosses for a total of 29 points.

"Peck" Boyett, 5-11 freshman guard, was second high for Galatia with 22 points and also played a steady floor game. Rollins, veteran Wildcat center, played his finest game of the season. In addition to scoring 33 points, including 13 field goals, Rollins was effective on the boards and his floor play was excellent. Galatia Roars Back

Odie started the scoring for Galatia, then Rollins hit to tie the count at 2-2, the first of five knotted scores during a hectic first quarter. In addition to the 2-2 tie, the score was even at 3-3, 13-13, 15-15 and 17-17.

Galatia held five-point advantages twice—10-5 and 13-8—in the opening period and it took a last second goal, by Keene to pull the Wildcats even at 17-17 as the frame ended.

The first portion of the second quarter was a goal exchanging affair with the score tied on four occasions, the last time at 28-28 with 4:02 showing on the clock. Then CM went in front and at intermission was on top 42-33.

Carrier Mills threatened to make it "no contest" in the third quarter, pulling away to a 54-43 advantage, then Galatia came roaring back and trailed only 65-60 as the last quarter started.

Three Carrier Mills regulars—Bill Smith, Jack Keene and Vern Rollins—fouled out in the order named during the last quarter, joining Lewis Williams who had left via the foul route late in the third quarter.

Lead Melts Away

A 7-point lead quickly melted away to a slim 78-76 advantage with a few seconds still to go. When the final horn sounded Galatia was pressing in the back court and Larry VanHoy was desperately dribbling the ball and hoping for time to run out. It did, but only few of the standing, howling crowd heard it and didn't know the game was over until the officials waved their hands, stopping play.

It was the kind of ball game that fans wanted to replay and a large

number were still gathered in the center of the floor at least ten minutes after the game ended talking of the excitement.

Carrier Mills plays at Sesser Friday. Galatia will be busy in the Greater Egyptian conference tourney, to be played at Ridgway, this week.

Locals to Play Marion Here Friday Night, at Herrin Saturday Evening

The Harrisburg Bull Dogs continued to play a good brand of basketball in a losing effort Saturday night as they lost 61-51 to strong Mt. Vernon and keep battling in the tough South Seven basketball conference this week when they meet Marion and Herrin on successive nights.

Harrisburg shot well against the Rams but Coach Scotty Gill's boys shot just a little bit better. And Mt. Vernon was getting in just a little closer for its shots which put the percentage in its favor.

But Harrisburg put on another good display of the ball handling and determination that Coach John Dotson has taught his boys in the 10-point loss. To prove the determination point, Harrisburg outscored the rated Rams, 21-18, in the last quarter and first string Rams were being used.

Harrisburg ran up a 9-2 lead at the outset but Mt. Vernon started climbing and at the quarter was behind but 12-11. The Rams outscored the Bull Dogs 18-12 the second quarter and held a five-point 29-24 margin at half time. In the third period Harrisburg made three quick points to narrow the gap to 29-27, but

West Defeats East Pros, 26-7

LOS ANGELES — Big, good natured George Wilson was one up on his former boss — Buddy Parker — today after his West team scored an almost ridiculously easy 26 to 7 victory over the East in the eighth annual Pro Bowl game Sunday.

The West's win before a Pro Bowl record crowd of 66,634 came less than 48 hours after Wilson and Parker sounded hearts and flowers to end a six-months feud which began when Parker quit as Detroit head coach in a huff, and Wilson, his assistant, was named to replace him.

Four times the always alert West defensive secondary — anchored by three great Detroit defensive stars, Joe Schmidt, Yale Lary and Jack Christiansen, plus Green Bay's Bobby Jack Dillon — picked off East passes.

Three times the West converted the interceptions to touchdowns. The other West scores were two field goals—one for nine yards and one for three—by unerring Bert Rechichar of Baltimore.

Pittsburgh's Earl Morrall, the goat on three interceptions, passed 39-yards to Cleveland's Ray Renfro for the East's only score, which gave the outplayed East-erners a short-lived lead early in the second period.

North Wins Senior Bowl Grid Game, 15 to 13

MOBILE, Ala. — The North, 15-13 victor over the South in the ninth annual Senior Bowl game, thanked its lucky stars today that South coach Paul Brown didn't bring Lou (The Toe) Groza along from the Cleveland Browns.

"The only thing I could think was that Brown didn't have Groza out there," admitted North coach Joe Kuharich of the Washington Redskins in summing up the key moment of the game in which top college seniors play for pay for the first time.

That came with 23 seconds left in Saturday's classic and the South on the Yankee two yard line at the end of a stalled 70 yard drive. Billy Atkins of Auburn tried for the field goal that would have meant a 16-15 Rebel win, and the boot went wide by a scant yard.

Mt. Vernon made seven points before Harrisburg could score again and ran the count to 43-30 at the end of the third period.

Ray Hassett was high for Harrisburg with 18 points followed by sophomore John Stone's 14 but high for the game was little Andy Changnon of Mt. Vernon, who had 20.

In the preliminary contest the Pups got plastered, 80 to 42, by the Rams' freshman-sophomore team.

Friday night Harrisburg will be host to Marion; Saturday night the Bull Dogs will be at Herrin.

Looking At Sports

By BILL MELTON

The Greater Egyptian conference basketball tournament — with the 1958 version to be held in Ridgway this week — has produced some fine play before roaring crowds in the past.

And this year should be no different.

In checking the records of tournaments held in the decade known as the '50's I find that five schools have topped titles in the eight finals played.

Carrier Mills, Cave-in-Rock, Galatia, Shawneetown and Rosiclare have carried home the big trophy and Galatia established a record that probably will stand for a long, long time by taking the title three consecutive years—1952, 1953, 1954. And Shawneetown's fine teams of 1955 and 1956 won championships.

Ridgway will be favored to win this year, moving up from second place honors in 1957.

Results of championship games, starting with 1950:

1950, Carrier Mills 56, Vienna 45, the tourney being held at Vienna.

1951, Cave-in-Rock 62, Carrier Mills 32, the tourney held at Rosiclare. Millard Davis, now coach at Galatia, was high point man for Cave in this 1951 affair.

1952, Galatia 52, Carrier Mills 48, played at Galatia.

1953, Galatia 56, Shawneetown 55, played at Ridgway.

1954, Galatia 57, Cave-in-Rock 35, played at Cave-in-Rock.

1955, Shawneetown 73, Vienna 55, played at Pope County.

1956, Shawneetown 68, Vienna 45, played at Ridgway.

1957, Rosiclare 39, Ridgway 49, played at Ridgway.

J. R. Martin, principal at Rosiclare, recalled recently the overflow crowd that packed the new Rosiclare gym the year the tourney was held there.

That was the year the Cave-in-Rock team captured the fancy of most everyone and attracted fans from far and near. "Our gym was new and said to have a capacity of about 750. But we sold more than 1,300 tickets for the final game. There was such a crowd that I couldn't even get to the floor as tourney manager," Mr. Martin stated.

The loop was a seven-member affair in 1950 and 1951—Galatia, Brookport, Carrier Mills, Golconda (now Pope County), Vienna, Rosiclare, Cave-in-Rock. In 1952, Ridgway was accepted into membership, making the league an 8-member group. Later Carrier Mills and Brookport dropped out, but Equality and Shawneetown came in. Last year Vienna resigned from the loop and now it is back to seven members.

In my GEC roundup story in Saturday's Register the results of Tuesday's games were completely forgotten when making reference to team records.

The worst "boner" was in downgrading Galatia to third place with a 4-2 record when actually Galatia and Rosiclare have identical 5-2 records and share second place in the standings.

Current standings:

Team	W	L	Pct.
Ridgway	8	0	1.000
Galatia	5	2	.714
Rosiclare	5	2	.714
Cave-in-Rock	5	3	.625
Equality	2	5	.286
Pope County	1	7	.125
Shawneetown	0	7	.000

The GEC tourney begins Tuesday with Ridgway facing Pope County at 7 p. m. and it will be Cave-in-Rock vs. Shawneetown at about 8:30. One game will be played Wednesday and on both Thursday and Friday there will be two games.

Michigan, Indiana Bid for Big Ten Cage Leadership; Hoosiers Trip Illini, 89-82

CHICAGO — Michigan and Indiana bid for Big Ten leadership in two of four conference basketball games tonight.

Victories by each would put them into a first place tie, with three victories against one setback in league play. The Wolverines, winners of their first two starts before bowing, 93-72, to Northwestern, are hosts to Ohio State tonight.

The Hoosiers, who scored their second victory Saturday night by beating Illinois, 89-82, entertain Minnesota. The Gophers, victors in their single loop start, enter the contest as the only unbeaten team in the conference.

Illinois was favored to collect its second conference success against two setbacks in tonight's contest with Wisconsin on the Illini court. The Badgers lost their first two starts, but got into the race Saturday night with a 67-64 triumph over Ohio State.

Northwestern goes after its second straight conference win at Iowa City when it meets the Hawkeyes in a contest that will settle their 1-1 tie in league play.

As the title race entered its third week only a game separated first place Minnesota (1-0) from Illinois, Purdue and Wisconsin who were at the bottom with 1-2 marks each.

Sandwiched between were Michigan and Indiana in a second place tie with two victories in three starts, and a four-way deadlock for third among Iowa, Michigan State, Ohio State and Northwestern, each with one win and one loss.

The Hoosier-Gopher contest will put the league's top three marksmen into one court. George Kline, Big Ten leader with a 31-point average, and Roger Johnson, third-ranked with a 25-point average, will start for the Gophers. The Hoosiers' towering center Archie Dees, is the conference's second ranked scorer with a 26-point average in three games.

Dees led the Hoosier attack in Saturday night's triumph over Illinois, bagging 26 points to

HE paused, squinted at me, and added, "And right after you find her, young Howell shows up—and Orville Campbell's girl. You claim she's sweet on young Howell. That about it?"

I nodded. "Those are the high spots, Sheriff."

"Got any ideas?"

"Ideas, yes. But no proof."

"Like young Howell killing the woman out of jealousy?" he asked softly, still squinting at me. "Or like Honey Campbell killing her for the same reason, and because she wanted the boy for herself?"

"Sheriff," I said, "those are a couple of good reasons for the murder of Sandra—for the murder of anybody. We might add Hugo Howell to the list, because he had a lot to gain by Sandra's death, but he's in the pokey tonight. What about Ambrose Lott?"

"That's in Orville's territory, but it looks to me like they don't connect at all."

"They were both killed with an ice pick," I reminded him.

"Handy little weapon." He hitched at his gun belt, which kept sliding down over his slim hips, and moved to the kitchen door, where he paused and sighed. "I'll have to take young Howell in, I guess, if only for questioning. He had a motive, all right. But with Orville's daughter mixed up in it—she had a motive, too—it puts me on a spot."

"Do your duty, Sheriff," I said. He nodded grimly. "I want you to stick around, too. Thanks for the run-down. Doc should be getting here now." He entered the living room.

When Dr. Sours was finished with Sandra's body I helped him wrap it in a blanket. An ambulance from Lakeport came lumbering down the beach, its red dome light blinking, and stopped before the cottage. The night bathers had come out of the water and stood staring in a wide curious circle on the sand, along with other residents of Mariana Beach and morbid motorists who had followed the ambulance down from the highway. The technicians came from the state police barracks and went through their routine.

Through it all, after the sheriff's initial questioning, Honey Campbell and Wayne Howell sat side by side in the front bedroom of the cottage, the girl holding one of Wayne's hands in both of hers. The sheriff finally decided,

after what I thought with much soul-searching, that he would not immediately arrest either of them, especially not the chief of police's daughter, but he warned both of them to be on hand for further questioning.

It ended with everyone leaving except Wayne, who said he would stay and wait for the return of Victor Osterman and tell the geologist about the death of his sister.

THE sheriff asked if he could ride back to town with me and I said sure. When we had driven up the narrow road and reached the highway I asked him, "What happened to your deputy?"

"He's parked in the woods back on the beach."

"Keeping an eye on young Howell?"

"Yep."

"He's your boy, huh?"

"The best I got, so far."

I left him off at the county jail, which was on the edge of town and several blocks from the police station.

I drove to the Harbor House, parked in the rear, locked my car and entered the bar by the street entrance. Otto Haga was leaning on the end of the bar reading a book. He looked up as I entered and smiled. "Good evening, Mr. Bennett."

"Good evening, Otto." I placed my panama on the bar, wiped my face with a handkerchief.

"Quiet evening?"

He nodded and said seriously, "It usually is on Thursday nights. Tomorrow the week end people will be coming in and then it will be crowded."

I took a sip of my drink and said casually, "Been working all evening, Otto?"

He frowned, very slightly. "Yes. Why do you ask?"

"It'll be all over town by morning. There's been another murder, Otto. I just came from Mariana Beach. Woman out there got stabbed—with an ice pick."

His pale eyes widened. "An ice pick—again? Who was the woman?"

"Her name was Sandra Osterman—I mean Sandra Calvin. She was staying with her brother and Wayne Howell—you know him?"

"I know who you mean—Mr. Howell's son. He comes in here occasionally, usually with a blonde woman, older than he. And early in the season he used to come in with Honey Campbell."

"It was the blonde who was

122,925 Arrests By State Police In 10 Months

SPRINGFIELD, Ill. — The Illinois State Highway Police made 122,925 arrests during the first ten months of 1957, according to an annual report of activities of the Department of Public Safety to Governor William G. Stratton from Director Joseph D. Bibb.

Of this number, 99,321 were for traffic violations, 13,717 came under the heading of "other arrests" and 9,887 were accident arrests. The state police investigated 13,331 accidents.

Superintendent William H. Morris said that with passage of the absolute speed law by the 1957 legislature, the state police have made use of radar in their enforcement program. Each of the 14 police districts now has one radar unit, and in the near future, he said, another unit will be added in each district. From January 1 through November 30

The hospital did not say why the man swallowed the coins, but Daily Mirror columnist Cassandra wrote that the decision to keep the money amounted to embezzlement of the man's savings.

murdered," I broke in.

"I see," Otto said quietly. "Do they know who killed her?"

"Not yet." I drank, half emptying the glass. "Otto, was Wayne Howell in here again tonight?"

He nodded. "Yes, around 9:30. I think. He had a ginger ale."

"Would you be willing to swear to that? Under oath?"

"Of course." He frowned again. "But why should I?"

I sighed. "Don't worry about it, Otto," I said, thinking that his statement about working all evening could easily be checked, if there was reason to check it. And I also thought that Wayne Howell had told me the truth. If he had been in Lakeport at 9:30, it would have been impossible for him to drive to Mariana Beach and arrive there before 10.
